France: draft article on the delimitation of the
continental shelf or of the economic zone

1. The delimitation of the continental shelf or of the economic zone between adjacent and/or opposite States shall be effected by agreement between them in accordance with an equitable dividing line, the median or equidistance line not being the only method of delimitation.
 2. For this purpose, account shall be taken, inter alia, of the special nature of certain circumstances, including the existence of islands or islets situated in the area to be delimited or of such a kind that they might affect the delimitation to be carried out.
